

Fraser Family Vineyards

2024 Barbera

Fraser Family Vineyards, California Shenandoah Valley AVA

Since 2010, our passion has been to carry on and expand the tradition of small-family wine growing. We grow and source the highest-quality fruit and carefully craft sustainable, environmentally friendly wines. Today, we manage two vineyards in Northern California and partner with our neighbors and guests to learn and teach winemaking skills. We value community, quality, and innovation in all things wine. Cheers!

Vineyard and Winemaking Notes

Nestled in the Sierra foothills at an elevation of 1083', Fraser Family Vineyards has proven to be an ideal location for growing several premium grape varietals. In a community of wineries, less than one acre is planted with Barbera alongside three other varietals. Our 02 Clone Barbera on 110R rootstock is head-trained for optimum quality and production.

The 2024 harvest was timed to perfectly capture the sugar and acid levels for our beautiful Barbera wine. For this vintage, we aimed for a winemaking style increasingly popular for Barbera in the old world, one that expresses the terroir and complex acid structure of this wine through a limited malolactic fermentation.

Tasting Notes

Our 2024 Barbera bursts with bright cherry and ripe plum aromas. Juicy and smooth with lively acidity, it carries a touch of spice and soft tannins. A hint of violet adds complexity to this energetic, food-friendly red from the Sierra Foothills. Enjoy now through 2030.

Awards

2025 Harvest Challenge 93 pts Gold
2025 OC Fair 85 pts Silver
2026 CA Fair 85 Bronze

Composition

100% Barbera
