

Fraser Family Vineyards

2024 Zinfandel

Fraser Family Vineyards, California Shenandoah Valley AVA

Since 2010, our passion has been to carry on and expand the tradition of small-family wine growing. We grow and source the highest-quality fruit and carefully craft sustainable, environmentally friendly wines. Today, we manage two vineyards in Northern California and partner with our neighbors and guests to learn and teach winemaking skills. We value community, quality, and innovation in all things wine. Cheers!

Vineyard and Winemaking Notes

Nestled in the Sierra foothills at an elevation of 1083', Fraser Family Vineyards has proven to be an ideal location for growing several premium grape varietals. Our Hambrecht Zinfandel on 110R rootstock is head-trained for optimum quality and production.

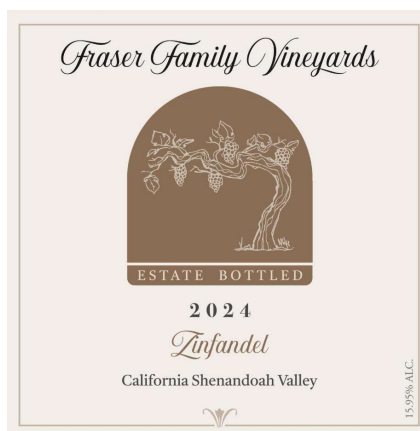

Zinfandel/Primitivo is grown in about 10 percent of California vineyards. DNA analysis has revealed that it is genetically equivalent to the Croatian grapes Crljenak Kaštelanski and Pribidrag, as well as to the Primitivo variety traditionally grown in Apulia, Italy, where it was introduced in the 18th century. The grape found its way, to the United States in the mid-19th century - Wikipedia

Tasting Notes

Bursting with blackberry and ripe raspberry flavors, our 2024 Zinfandel showcases vibrant spice and subtle notes of pepper. Smooth tannins and juicy, bright fruit give it balance and depth. This rich yet soft Zinfandel embodies the bold character of the Sierra Foothills.
